

## Katch Fund Solutions – Litigation Fund

## Seed Class I USD (Acc)

### FUND PROFILE

The Katch Litigation fund delivers targeted returns with an emphasis on risk and liquidity management. The fund's strategy is to fund small-size, short duration claims eligible to UK quasi-governmental compensation scheme, as well as larger claims where a group of claimants act together to get compensation in Court. Focusing on the UK financial service sector, the fund enjoys much less credit risk, higher diversification and better liquidity than typical litigation funds. The Katch Litigation Fund is structured to properly align the interest of investors with those of the managers.

### INVESTMENT OPPORTUNITY

Compared to other markets such as the US, where funding is abundant and competition for capital very high, the UK litigation market typically offers the chance for higher return on capital. It also offers one of the best judicial systems globally with UK courts, as Great Britain is a major judicial center in international dispute resolution, such as arbitration.

Partnering with UK litigation management specialists, who bring substantial experience in both the sourcing of and the completion of full due diligence processes, focusing mainly on mis-sold financial products, the Katch Litigation Fund benefits from a fully controlled origination system, allowing the funding of cases that tend to pay significantly more on success.

### FUND UPDATE – 31 AUGUST 2022

In August, the Katch Litigation Fund returned 1.4% net of fees (USD Institutional shares), having returned 1.4% (net) in July.

During the month, there was moderate activity on existing positions with funding runs made for further Plevin claims (330 new claims), and 240 new car finance (PCP) claims. In addition, claim acquisition funding for Plevin was increased as a result of heightened demand from law firms for Plevin cases, which are a growing seam of litigation at the County Court level.

The fund opened a new funding line in respect of Business Energy Commissions – another type of undisclosed commission case, with funding expected to start in September.

The portfolio has refocused its attention on law firm disbursement lending, ensuring that more than 75% of the fund NAV is comprised of secured lending with ATE insurance wrappers and full recourse loan terms to client law firms. We would like to thank you for your continued support and enthusiasm for the activity of the fund.

## ABOUT KATCH INVESTMENT GROUP

Katch Investment Group is a dynamic asset management boutique offering innovative investment solutions in a constantly changing and challenging financial market environment. In the aftermath of the global financial crisis, major central banks' liquidity injections have inflated traditional asset classes, while new regulations reduced the banks' appetite and capability to lend to smaller businesses.

Laurent Jeanmart, CFA  
Chairman

Katch identified these trends and decided to launch a fund that invests in litigation financing opportunities. An area where the capital supply is scarce that offers relatively high and stable returns for investors.

The fund is registered in Luxembourg and partners with recognized financial institutions. It is managed by Stephane Prigent (Ex-Managing Director & Global Head of Equity Sales Research at State Street Capital), Laurent Jeanmart (Ex-head of Investment at Platinum Capital & Ex-CIO at Fidelis Insurance Holdings), and Pascal Rohner (Ex-CIO at Private Investment Management & Ex-Credit Suisse).

Pascal Rohner, CFA  
CIO

The Katch Litigation fund targets a total return of 8% in USD, and up to another 8% conditional on realized profit.
