

Katch Fund Solutions – Litigation Fund

Seed Class I USD (Acc)

FUND PROFILE

The Katch Litigation fund delivers targeted returns with an emphasis on risk and liquidity management. The fund's strategy is to fund small-size, short duration claims eligible to UK quasi-governmental compensation scheme, as well as larger claims where a group of claimants act together to get compensation in Court. Focusing on the UK financial service sector, the fund enjoys much less credit risk, higher diversification and better liquidity than typical litigation funds. The Katch Litigation Fund is structured to properly align the interest of investors with those of the managers.

INVESTMENT OPPORTUNITY

Compared to other markets such as the US, where funding is abundant and competition for capital very high, the UK litigation market typically offers the chance for higher return on capital. It also offers one of the best judicial systems globally with UK courts, as Great Britain is a major judicial center in international dispute resolution, such as arbitration.

Partnering with UK litigation management specialists, who bring substantial experience in both the sourcing of and the completion of full due diligence processes, focusing mainly on mis-sold financial products, the Katch Litigation Fund benefits from a fully controlled origination system, allowing the funding of cases that tend to pay significantly more on success.

FUND UPDATE – 30 NOVEMBER 2022

In November, the Katch Litigation Fund returned 1.5% net of fees (USD Institutional shares), having returned 1.5% (net) in October.

During the month of November, there was considerable activity on existing positions with funding runs made for further 290 car finance claims, 19 Business Energy Commission claims, additional funding of 1,000 claims via Insolvency Practitioners and further contributions to the funding of the Mortgage Prisoners claim GLO.

Furthermore, a substantial number of new opportunities are in the pipeline and being evaluated, and we anticipate closing a new funding facility for PCP and Plevin cases with a new partner law firm prior to year-end.

We would like to thank you for your continued support and wish you and your loved ones a restful festive season.

ABOUT KATCH INVESTMENT GROUP

Katch Investment Group is a dynamic asset management boutique offering innovative investment solutions in a constantly changing and challenging financial market environment. In the aftermath of the global financial crisis, major central banks' liquidity injections have inflated traditional asset classes, while new regulations reduced the banks' appetite and capability to lend to smaller businesses.

Laurent Jeanmart, CFA
Chairman

Katch identified these trends and decided to launch a fund that invests in litigation financing opportunities. An area where the capital supply is scarce that offers relatively high and stable returns for investors.

The fund is registered in Luxembourg and partners with recognized financial institutions. It is managed by Stephane Prigent (Ex-Managing Director & Global Head of Equity Sales Research at State Street Capital), Laurent Jeanmart (Ex-head of Investment at Platinum Capital & Ex-CIO of Fidelis Insurance Holdings), and Pascal Rohner (Ex-CIO at Private Investment Management & Ex-Credit Suisse).

Pascal Rohner, CFA
CIO

The Katch Litigation fund targets a total return of 8% in USD, and up to another 8% conditional on realized profit.
